

# Transforming Love

## Church Resource Collection

### *Living Out God's Ultimate Hope*

*An 8-week, church-wide transforming journey in spiritual transformation*

Find a faith that thrives!

**T**he secret to life change doesn't lay in our ability to do the right things or know the right answers! The key to life change is our consistent experience of God's love!

Through the Transforming Love Church Resource Collection, your church will be able to maintain a single Scriptural focus from preschool through adults.

**Your members will have the opportunity to be a part of purposeful encounters with each source of spiritual change:**

- Sermons lead the church body into specific encounters with Jesus.
- Bible lessons for all ages focus on specific passage of Scripture that participants can live out in the moment.
- Small group studies focus on one specific experience of fellowship per lesson and provide opportunities for members to relate to one another in meaningful ways.

## *A Church-wide Emphasis on Spiritual Transformation*

***Transforming Love allows the entire church to focus on the same Biblical principles at one time.***

- Every child, teen and adult has the opportunity to experience complementary lessons during their church classes; this allows for deepened discussions and a more cohesive experience among the church body.
- Small groups discuss points related to the corporate worship
- Bible studies delve deeper into the Biblical truths touched on during the week's sermon.
- Daily readings allow adults to further their personal experience with the week's Scriptural focus.
- Family night ideas allow the family members to enjoy time together while celebrating the central idea behind the week's lesson.
- Special Feature:

*Before any leader teaches the Biblical truths of their lesson, they are given the opportunity to experience God's word, deep within their hearts (Colossians 3:16). Guided preparations for each lesson allow the Scriptural truths to "dwell deeply in the heart" of each teacher. Whether you are a teacher of young children or a leader of senior adults, we invite you to work through the Leader's Preparation Plans for each lesson so that your own heart will be challenged with the experience of God's love. We certainly want you to prepare your thoughts, commentaries and teaching points, but we also want every leader to spend time experiencing more of God's love in their own lives. It is this kind of experience that will breathe life and relevance into what you teach.*
